---

1. PRODUCT NAME

Envicta

2. COMPOSITION / INFORMATION OF INGREDIENTS

Chemical Components	*Percentage Range*
Humic Acid	25%
Fulvic Acid	8%
Amino Acid	22%
Seaweed Extract	10%
Maltodextrin Base	35%

3. HAZARDOUS IDENTIFICATION

EMERGENCY OVERVIEW

This product is a black material with a characteristic odor, which is intended for use as a botanical plant growth promoter. There is no specific antidote if this product is ingested. Treat symptomatically. If a large amount has been ingested, give plenty of water to drink and seek medical attention.

Central Insecticides Board signal word	*Caution*
Potential Health Effects	None
Route(s) Of Entry	Eyes, skin, oral, inhalation.
Human Effects And Symptoms Of Overexposure	May cause irritation of eyes, skin or respiratory tract
Acute Eye Contact	Cause mild eye irritation
Chronic Eye Contact	Chronic exposure not likely from normal use
Acute Skin Contact	Slightly irritating. May cause irritation
Chronic Ingestion	Chronic exposure not likely from normal use
Medical Conditions Aggravated By Exposure	Not known

4. FIRST AID MEASURES

If poisoning is suspected, immediately contact a physician or the nearest hospital, and tell the person contacted the complete product name and the type and amount of exposure. Describe any symptoms and follow the advice given.

First Aid For Eyes	Immediately rinse eyes with lots of water. Hold eyelids apart to rinse the entire surface of the eyes and lids.
First Aid For Skin	Wash with plenty of soap and water, including hair and under fingernails. Do not apply any medicating agents except on the advice of a physician. Remove contaminated clothing and decontaminate the affected.
First Aid For Inhalation	Move the victim from the contaminated area to fresh air. Apply artificial respiration if necessary
First Aid For Ingestion	If the victim is fully conscious, immediately give large quantities of water to drink and get medical help. Never give anything by mouth to an unconscious person.

5. FIRE FIGHTING MEASURES

Extinguishing Media	Dry chemical foam or carbon dioxide
Unusual Fire And Explosion Hazards	None known
Special Fire Fighting Procedures	Wear full protective clothing and self contained breathing apparatus. Evacuate non-essential personnel from the area to prevent human exposure to fire, smoke, fumes or products of combustion. Prevent use of contaminated buildings, area and equipment until decontaminated.

6. ACCIDENTAL RELEASE MEASURES

Spill Or Leak Procedures	Wear chemical safety glasses with side shields or chemical goggles, rubber gloves, rubber boots, long sleeved shirts, long pants, head covering and a NIOSH approved dust or respirator with a dust filter. For small pits, sweep up, keep dust to a minimum and place in an approved chemical container. Wash the spill area with water containing a strong detergent, absorb with the absorbent material. Seal the container and handle in an approved manner.

7. HANDLING AND STORAGE

Storage Temperature (Min/Max)	Room temperature
Shelf Life	Stable
Special Sensitivity	None known
Handling And Storage Precautions	Store the material in a well ventilated secure area out of the reach of children and domestic animals. Do not store food, beverages or tobacco products in the storage area. Always wash thoroughly after handling.

8. EXPOSURE CONTROLS/ PERSONAL PROTECTION

Oral Protection	Prevent eating, drinking, tobacco usage and cosmetic requirements apply in areas where there is a potential for exposure to the material. Wash thoroughly after handling
Eye Protection	To avoid eye contact, wear safety goggles
Skin Protection Requirement	To avoid skin contact, wear rubber gloves, rubber boots, a long-sleeved shirt, long pants & head covering.
Respiratory/Ventilation	To avoid breathing dust, use adequate ventilation and wear a NIOSH-approved Respirator with a dust filter.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical Form	Liquid
Colour	Black
Flash Point	> 67°C - No Fire Hazard
Specific Gravity (@27^{0}c)	0.92
Corrosion	Nil
Miscibility	Miscible in water

10. STABILITY AND REACTIVITY

Stability	Stable
Hazardous Polymerization	Will not occur
Incompatibilities	Not compatible with highly alkaline substances
Decomposition	Easily biodegradable

11. TOXICOLOGICAL INFORMATION

Acute oral toxicity (Rat)	> 2000 mg/kg
Acute inhalation toxicity (Rat)	> 5.01 mg/L
Acute dermal toxicity (Rat)	> 2000 mg/kg
Eye Contact (Rabbit)	Non-irritant
Skin Contact (Rabbit)	Non-irritant

12. ECOLOGICAL INFORMATION

Totally biodegradable in nature
Do not apply to water bodies

13. DISPOSAL CONSIDERATIONS

Waste Disposal Method	Do not reuse product containers, waste containers and residues. Dispose of according to local, state, federal, health and environmental regulations

14. TRANSPORT INFORMATION

Shipping Name	Envicta
Flammability	Non-inflammable

15. REGULATORY INFORMATION

OSHA status	N/A
TSCA status	N/A
CERCLA reportable quantity	N/A
RCRA status	N/A

16. OTHER INFORMATION

N/A – Not applicable; *This product is for agricultural use only.*
