1. PRODUCT NAME

WeedX

2. COMPOSITION / INFORMATION OF INGREDIENTS

Active Ingredients	*Percentage Range*
Caprylic Acid	42%
Capric Acid	27%
Polysorbate 20(CAS Number:9005-65-4)	31%

3. HAZARDOUS IDENTIFICATION

EMERGENCY OVERVIEW

This product is a colorless material with a characteristic odor, which is intended for use as a botanical weed killer. There is no specific antidote if this product is ingested. Treat symptomatically. If a large amount has been ingested, give plenty of water to drink and seek medical attention.

Central Herbicides Board signal word	*Caution*
Potential Health Effects	None
Route(s) Of Entry	Eyes, skin, oral, inhalation.
Human Effects And Symptoms Of Overexposure	May cause irritation of eyes, skin or respiratory tract
Acute Eye Contact	Cause mild eye irritation
Chronic Eye Contact	Chronic exposure not likely from normal use
Acute Skin Contact	Slightly irritating. May cause irritation
Chronic Ingestion	Chronic exposure not likely from normal use
Medical Conditions Aggravated By Exposure	Not known

4. FIRST AID MEASURES

If poisoning is suspected, immediately contact a physician or the nearest hospital, tell the person contacted the complete product name and the type and amount of exposure. Describe any symptoms and follow the advice given.

First Aid For Eyes	Immediately rinse eyes with lots of water. In all cases of eye contamination it is a sensible precaution to seek medical advice.
First Aid For Skin	Wash with plenty of soap and water, including hair and under fingernails. Remove contaminated clothing and decontaminate the place affected. If irritation occurs seek medical assistance
First Aid For Inhalation	Move the victim from the contaminated area to fresh air. Remove contaminated clothing. Keep at rest until fully recovered. Seek medical advice if effects persist.
First Aid For Ingestion	Rinse mouth with water. If the victim is conscious, immediately give large quantities of water to drink and get medical help. Never give anything by mouth to an unconscious person.

5. FIRE FIGHTING MEASURES

Extinguishing Media	Dry chemical foam, water fog or carbon-di-oxide
Unusual Fire And Explosion Hazards	None known
Special Fire Fighting Procedures	Burning or decomposing may emit toxic fumes. Wear full protective clothing and self contained breathing apparatus. Evacuate non-essential personnel to prevent human exposure to fire, smoke, fumes or products of combustion.

6. ACCIDENTAL RELEASE MEASURES

Spill Or Leak Procedures	Wear chemical safety glasses with side shields or chemical goggles, rubber gloves, rubber boots, long sleeved shirts, long pants, head covering and a NIOSH approved dust or pesticide respirator with a dust filter. For small pits, sweep up, keep dust to a minimum and place in an approved chemical container. Wash the spill area with water containing a strong detergent, absorb with the absorbent material. Seal the container and handle in an approved manner.

7. HANDLING AND STORAGE

Shelf Life	Stable
Handling And Storage Precautions	Store the material in a well ventilated (Room temperature) secure area out of direct sunlight and reach of children and domestic animals. Do not store food, beverages or tobacco products in the storage area. Store away from sources of heat and/or ignition. Keep the container standing upright. Keep containers closed when not in use - check regularly for leaks.

8. EXPOSURE CONTROLS/ PERSONAL PROTECTION

Oral Protection	Prevent eating, drinking, tobacco usage and cosmetic requirements application in areas where there is a potential for exposure to the material. Wash thoroughly after handling
Eye Protection	To avoid eye contact, wear safety goggles
Skin Protection Requirement	To avoid skin contact, wear rubber gloves, rubber boots, long-sleeved shirt, long pants & head covering.
Respiratory/Ventilation	To avoid breathing dust, use adequate ventilation and wear a NIOSH-approved pesticide Respirator with a dust filter.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical Form	Liquid
Colour	Colorless Liquid
Flash Point	Not Applicable
Specific Gravity (@27^{0}c)	0.93
Corrosion	Nil
Miscibility	Miscible in water

10. STABILITY AND REACTIVITY

Stability	Stable
Hazardous Reactions	Will not occur
Incompatibilities	Oxidizing agents

11. TOXICOLOGICAL INFORMATION

Acute oral toxicity estimate	>2000 mg/Kg
Acute inhalation toxicity estimate	>20 mg/L
Acute dermal toxicity estimate	> 2000 mg/kg
Eye/Skin Contact	Maybe an eye irritant.

12. ECOLOGICAL INFORMATION

This material is non-hazardous. Totally biodegradable in nature.

13. DISPOSAL CONSIDERATIONS

Waste Disposal Method	If possible material and its container should be recycled. If material or container cannot be recycled, dispose in accordance with local, regional, national and international Regulations. Persons conducting disposal, recycling or reclamation activities should ensure that appropriate personal protection equipment.

14. TRANSPORT INFORMATION

Shipping Name	WeedX
Flammability	Non Inflammable

15. REGULATORY INFORMATION

OSHA status	N/A
TSCA status	N/A
CERCLA reportable quantity	N/A
RCRA status	N/A

16. OTHER INFORMATION

N/A – Not applicable; *This product is for agricultural use only.*
